Concussion Management in Schools

SUSAN DAVIES, ED.D., NCSP

Learning objectives

1. Information on how concussions can affect students' learning, health, and social-emotional functioning
2. A suggested concussion team model that involves a designated leader, as well as collaboration among the family, medical personnel, and school team
3. Strategies for return to learn, including tools for assessment, symptom-based adjustments to the learning environment, and progress-monitoring

Participants will be encouraged to actively provide information and solutions to questions
